Hi, Omar.

This is Kimberly from Freelancer Support.

I hope this email finds you well. We are supposed to subscribe your account to a free 6 months Plus Membership for being part of the Udacity project. However, we noticed that your account is currently on an annual plan (with exclusive benefit and discount from our Memberships team). Memberships bought from our Memberships team are not to be refunded, so it would be best for you to use the benefits of your current plan. On the last month of your Annual Basic Membership, please contact us back so we can issue you a free 6 months Plus Membership.

Feel free to contact us back if you have questions.

Regards,

Kimberly R.
